

SPECIAL SURVIELLANCE LIST

| Ser | Substances | Licit Uses |
|------------|--|-----------------------------------|
| 1. | Acetonitrile | Organic synthesis |
| 2. | Ammonia | Detergent, Refrigeration |
| 3. | Ammonium formate | Chemical Analysis |
| 4. | Benzaldehyde | Dyes, flavour, perfumery |
| 5. | Benzyl chloride | Dyes, flavour, perfumery |
| 6. | Benzyl cyanide | No recorded function |
| 7. | 1,4-Butandiol | Solvent for plastic, elastic |
| 8. | Butyrolactone | Paint stripper, solvent |
| 9. | Ethyl phenylacetate | Flavour & Fragrance |
| 10. | Formamide | Lonising solvent |
| 11. | Formic acid | Chemical Analysis, electroplating |
| 12. | Hydriodic acid | Reducing Agent |
| 13. | Hydrobromic acid | Inorganic bromides |
| 14. | Hypophosphorous acid | Water treatment, pharma |
| 15. | Iodine | Metabolism |
| 16. | Lithium aluminium hydride | Reducing Agent |
| 17. | Methylamine (monomethylamine) | Organic Synthesis |
| 18. | N-Methylformamide | As solvent |
| 19. | Methyl 3-[3',4'- (methylenedioxy)phenyl]- | Insecticide synergist |
| 20. | Methyl phenylacetate | Flamours, perfumes |
| 21. | Nitroethane [79-24-3] | Liquid propellent |
| 22. | a-Phenylacetoacetonitrile | |
| 23. | l-Phenylacetylcarbinol | Synthesis of Pharma |
| 24. | Phosphorous (Red) | |
| 25. | Propiophenone (1-phenyl-1-propanone) | Perfumers |
| 26. | Tartaric acid | Leavening agent in recipies |
| 27. | Thionyl chloride ² | Reagent in chlorination |
| 28. | o-Toluidine | Dyes |
| 29. | Mercuric chloride | Pharma (not used now) |
| 30. | Palladium (in all forms) | Electronics, medicines |
| 31. | Platinum oxide | Hydrogenation |
| 32. | Raney nickel | Reagent |

| | | |
|-----|------------------------|-------------------------------------|
| 33. | Aniline | Polyurethane |
| 34. | Propionic anhydride | Reagent Organic synthesis |
| 35. | Propionyl chloride | |
| 36. | Sodium borohydride | Bleaching wood pulp |
| 37. | Acetic acid (glacial) | Plastic, soap |
| 38. | Acetyl chloride | Derivatization of organic compounds |
| 39. | Ammonium chloride | Flavouring agent |
| 40. | Calcium carbonate | Used medicinally |
| 41. | Calcium hydroxide | Lime, food prep |
| 42. | Calcium chloride | Air moisture absorber prep |
| 43. | Calcium oxide | Construction material etc |
| 44. | Manganese dioxide | Dry + Cell bty |
| 45. | Sodium carbonate | Soap, bleaching |
| 45. | Sodium hydroxide | Salt, soap, Rayon |
| 46. | Sodium hypochlorite | Bleach, Disinfectant |
| 47. | Sodium metabisulfite | Disinfectant, preservative |
| 48. | Benzene | Gasoline |
| 49. | Ethyl acetate | Artificial fruit essence |
| 50. | Methyl isobutyl ketone | Solvent for gums and resins |
| 51. | n-Propylacetate | Solvent for coating, printing |
