#### YOUTH AMBASSADORSHIP PROGRAM

According to Drug Survey Report 2013, number of drug addicts are about 6.7 million in Pakistan. Fact remains that younger generation is most susceptible to addiction. In this regard RD North ex ANF has launched a special initiative "Youth Ambassadorship Program", hence taking youth on board on volunteer basis, for joining hands to fight against drugs. It aims to engage the youth countrywide, having access / placement to deliver in respective localities and specialties. The young volunteers will work on community level by using their talent & skills, hence contributing in creating awareness & associated works in counter narcotics. Under this program a Volunteer Internship Program as well as special incentives have also been introduced. 1st convention of the Youth Ambassadorship Program is being organized shortly. Further details of Youth Ambassadorship Program can be seen at following links:-
