Our Resolve Drug Free Society

Our generation is facing threats of “Drugs” & “Drug-related Crimes”, all avoidable.

Drugs are a direct attack, not on territory, but on generation. Fact remains our generation is being raised in a drug infested society with two aspects: “Drugs” and “War on Drugs”, but the “Drugs” is the bigger one. The War on Drugs needs to be enlarged, as an all-out fight by everyone.

The ultimate objective of this war for a citizen is to **eliminate the demand of drugs**. If you are convinced, then stand-up as a noble warrior **and exercise a watch at your family and neighborhood.**

Without our generation falling prey to drugs, the drug would wither on its own.
